

# ●●●● GAP Water Testing

Helping growers meet  
produce safety standards

AgSource makes it easy to test agricultural water used in irrigation and post-harvest processes. With free sample pickup routes all summer, you can skip the hassle of mailing in samples and ensure your water is free of bacteria.

## **GAP Water Test** – *E. coli* and coliforms

- **Free sample pickup twice a week at:**
  - UW Agricultural Research Station – Hancock, Wisconsin
  - WPVGA Office – Antigo, Wisconsin
- **Quick turnaround**
- **Competitive pricing**

For more information on AgSource's GAP water testing, contact our laboratory at 715.898.1402 or email [marshfield@agsource.com](mailto:marshfield@agsource.com).
