

SOIL SUBMISSION FORM

1 CLIENT INFORMATION

Required*

Client Name* _____ Account # _____
 Address* _____ County* _____
 City* _____ State* _____ Zip* _____
 Email* _____ Phone #* _____

GROWER INFORMATION

Submitted For _____ FSA Farm ID # _____
 Address _____ County _____
 City _____ State _____ Zip _____

2 TEST PACKAGES*

- Basic** Potassium, Phosphorus, pH, Buffer pH, Organic Matter
- Routine** **Basic +** Calcium, Magnesium, CEC, % Base Saturation
- Complete** **Routine +** Boron, Zinc, Sulfur, Manganese
- Complete Plus w/ Rec** **Complete +** Copper, Iron, Lime and Fertilizer Recommendation

ADDITIONAL TESTS

- | | | | |
|-------------------------|--------------------|-------------------------|-------------------|
| Lime and Fertilizer Rec | Sulfur | Chloride | % Carbon |
| Ammonium Acetate K | Copper | Molybdenum | Nematode: Soybean |
| Mehlich 3 P | Iron | Soil Texture | Nematode: Corn |
| Olsen P | Manganese | Total Kjeldahl Nitrogen | Bulk Density |
| Bray 2 P (strong bray) | Boron | Ammonium | Sodium |
| Zinc | Soluble Salts (EC) | Nitrate | Other _____ |

3 SAMPLE INFORMATION

Total Samples _____ Sample Depth _____

4	Field ID	Sample #s	5 Check if:		6	7	8 4 Year Rotation	
			Irrigated	Tiled			Soil Name Required for Corn/Wheat N rec	Acres in Field

SOIL SUBMISSION FORM

1. Completely fill in Client and Grower Information. Please include phone and email, if applicable.
2. Fill in package information and/or additional tests required. Additional tests may be run on individual samples, or all the samples from the same field may be composited for a single field analysis. If the additional test(s) is requested on a field basis only, enter the field designation only. If the additional test(s) is requested for each sample, enter the field **AND** sample designation.
3. Enter the number of samples submitted for analysis along with the average plow depth of the samples submitted.
4. Fill in Field ID and Sample # information.
5. Denote whether the field is irrigated and/or tiled.
6. Fill in soil type. Fill in complete soil name or soil survey abbreviation.
7. Fill in acreage in field.
8. Fill in 4-year crop rotation: indicate the crops to be grown and anticipated yield. Crop codes are found in the table below.

Crop Code	Crop Name	Yield Unit
1	Alfalfa, established	(ton)
2	Alfalfa, seeding	(ton)
60	Apple, establishment	(all)
3	Asparagus	(lb)
	Asparagus, establishment	(lb)
74	Barley, grain	(bu)
4	Barley, grain + straw	(bu)
5	Bean, dry (kidney, navy)	(cwt)
6	Bean, lima	(lb)
44	Bean, snap	(ton)
7	Beet, table	(ton)
61	Blueberry, establishment	(all)
8	Brassica, forage	(ton)
9	Broccoli	(ton)
10	Brussels sprouts	(ton)
11	Buckwheat	(lb)
12	Cabbage	(ton)
13	Canola	(bu)
14	Carrot	(ton)
15	Cauliflower	(ton)
16	Celery	(ton)
62	Cherry, establishment	(all)
42	Clover, red, establishment	(ton)
42	Clover, red, seeding	(ton)
17	Corn, grain	(bu)
38	Corn, popcorn	(bu)
18	Corn, silage	(ton)
	Corn, stover	
19	Corn, sweet	(ton)
63	Cranberry, establishment	(all)
66	CRP, alfalfa	(n/a)

Crop Code	Crop Name	Yield Unit
68	CRP, grass	(n/a)
67	CRP, red clover	(n/a)
20	Cucumber	(ton)
21	Flax	(bu)
22	Ginseng	(lb)
79	Grape, establishment	(all)
84	Grass, hay	(ton)
41	Grass, reed canary grass	(ton)
45	Grass, sod for turf, est.	(all)
85	Grass, switchgrass	(ton)
86	Hop	(lb)
23	Lettuce	(ton)
24	Lupine	(bu)
25	Melon	(ton)
26	Millet	(bu)
27	Mint, oil	(lb)
75	Oats, grain	(bu)
28	Oats, grain + straw	(bu)
31	Onion (garlic)	(cwt)
34	Past., ≤30% legume-grass	(ton)
	Past., ≤30% legume-grass, seeding	
83	Past., >30% legume-grass	(ton)
	Past., >30% legume-grass, seeding	
33	Pasture, grass	(ton)
32	Pasture, unimproved	(ton)
35	Pea, canning	(lb)
36	Pea, chick/field/cow	(ton)
37	Pepper	(ton)
39	Potato	(cwt)
40	Pumpkin	(ton)

Crop Code	Crop Name	Yield Unit
	Raspberry	(all)
64	Raspberry, establishment	(all)
76	Rye, grain	(bu)
81	Rye, winter, silage	(bu)
43	Rye, grain + straw	(bu)
82	Sm grain & legume silage	(ton)
30	Sm grain/leg slg, w/alf sgd	(ton)
81	Small grain silage	(ton)
29	Sm grain silage, w/alf sgd	(ton)
46	Sorghum, grain	(bu)
47	Sorghum-sudan, forage	(ton)
48	Soybean, grain	(bu)
77	Soybean, grain + straw	(bu)
49	Spinach	(ton)
50	Squash	(ton)
	Strawberry	(all)
65	Strawberry, establishment	(all)
51	Sunflower	(lb)
52	Tobacco	(lb)
53	Tomato	(ton)
54	Trefoil, birdsfoot, establishment	(ton)
	Trefoil, birdsfoot, seed	
55	Triticale, grain	(lb)
80	Triticale, grain + straw	(lb)
56	Truck crops	(all)
57	Vetch, crown/hairy, establishment	(ton)
	Vetch, crown/hairy, seeding	
78	Wheat, spring grain	(bu)
	Wheat, spring grain + straw	
58	Wheat, winter grain	(bu)
	Wheat, winter grain + straw	

*Default crop rotation is (17) Corn; (48) Soybeans; (2) Alfalfa, seeding; (1) Alfalfa, established.

Please Remember: A completed information sheet provides the information needed to give you optimum fertilizer and nutrient credit recommendations for the crops selected.
